

Wednesday 21 September 2016

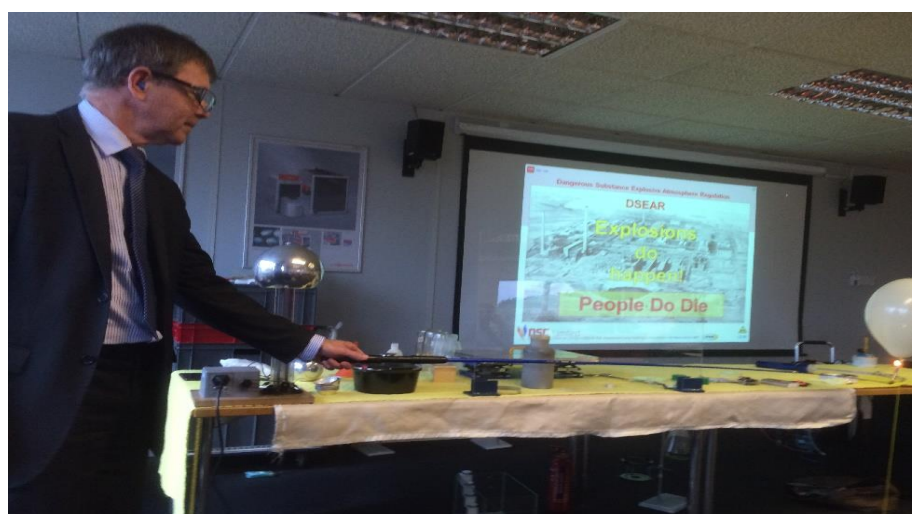

BESST Legislative expert Paul Nelms, Epwin Group hosted the Legislation event and took part in a controlled explosion as the finale.

Steve Cawthorne EA – presented on Duty of Care aspects that all business should be following and provided some frightening statistics. As a result, BESST have agreed to become Ambassadors for the Right Waste Right Place Campaign.

Chris Leech of Viessmann Ltd presented a case study on Viessmann products, their activities and case studies of where they have been deployed.

Roy Smith from DSC Ltd gave an interactive presentation on DSEAR which involved explaining about potential for the causes and effects of explosive atmospheres in the workplace. During the presentation, Roy created actual explosions. His frightening and impressive presentation was thoroughly enjoyed by all attendees and part of the presentations can be found on You Tube [here](#)
