BESST members can draw their design onto plain white glazed mugs and then will be using professional style ceramic paints to complete the design.

We will be using this opportunity to come up with a design that can be used for promotional materials, such as travel mugs, for existing and new members.

Bring your designs with you or take inspiration from the surroundings of being in a World Heritage site and the Coalport China Museum.

This social event is to afford BESST members time to network away from our breakfast events and also to support reduction of single-use plastics, Mugs will be available once they have been fired (2-3 weeks) and we will arrange delivery of the mugs back to your site.

Mugs and paints undergo regular food safety tests and will be usable souvenir.
